

The FuelCube is a compact and economic stationary fuel tank designed for onsite fuel supply and fleet refueling. The FuelCube includes features such as integral, lockable equipment cabinet for security and forklift pockets for easy mobility when empty.

MODEL: FCP1800

The FuelCube FCP1800 is a compact, economic, double-walled fuel tank. Quickly and easily supply fuel where you need it, when you need it.

SECURABLE

Lockable equipment cabinet keeps equipment and ports contained and secure hose access enables fueling while the cabinet is locked.

STACKABLE

Easily stackable (2) high when empty to reduce storage space requirement.

ENVIRONMENTALLY SAFE

Double-walled, 110% containment eliminates the need for spill pans, UL 142 approved.

MANEUVERABLE

Four way fork pockets provide for quick and easy manoeuvring and mobility.

MAINTAINABLE

Removable inner tank for routine cleaning, maintenance, and inspection.

SPECIFICATIONS

Standard fittings: 1" pump feed, lockable pump/equipment cabinet, heavy duty skid base with forklift pockets, vent, fill cap, UL plate, durable marine grade paint specification, stacking brackets.

Optional fittings: Direct Reading Float Gauge, 12v, 24v or 110 volt pump kits, lifting slings (when empty), hoses, quick couplers and filters

Capacity (brim fill) litres:	8,464	Weight empty (kg/lbs):	1,983kg / 4,372lbs
Capacity (brim fill) US gallons:	1862	Weight full (kg/lbs):	8,679kg / 19,134lbs
Capacity (safe fill) US gallons:	1769	Approvals:	UL142, CAN/ULC-S601
